ABOUT ME

A determined, competitive, and goal-orientated person with a professional, polite, and helpful attitude. Always open to building new connections and listening to new ideas. I love working in a challenging environment where everyone strives to create the best for the organization. Seeking a position in a well-esteemed organization like yours to convert problems into opportunities.

OBJECTIVE:

A motivated and talented front-end developer seeking an internship opportunity to further enhance my skills, contribute to the real-world projects, gain practical experience in a professional environment.
